

Notice to Real Estate Purchasers in Chowan County:

Chowan County has established agricultural districts to protect and preserve lands and activities. These districts have been developed and mapped to inform all purchasers of real property that certain agricultural and forestry activities, including but not limited to pesticide spraying, manure spreading, livestock, machinery and truck operations, sawing and other common farming activities may occur in these districts any time during the day and night. Affected parcels are located one (1) mile within a qualifying farm. Maps and information on these districts can be obtained from the North Carolina Cooperative Extension, the County Planning/Inspections Department, Register of Deeds, or the Natural Resource Conservation Service Office.
